

# February 2021

---

February 23, 2021

7:00 pm via Zoom

## AGENDA

### Welcome - Gary Anderson

- Review of officers and committees
- There's still time to sign up for Beekeeping 101
  - New format this year: large group Zoom instruction followed by small, hands-on groups at various apiaries throughout the county
- Pennsylvania State Beekeepers Association will be present at statewide township supervisors conference in Hershey in April; to help educate and protect the interests of beekeepers
- Zoom format to continue in March and April
- Chairperson/coordinator needed for June picnic

### Bee Talk - David Papke

- Colony build-up and what's happening in the hives at this time of year

### Stimulative Feeding - Tiffany Ayres

- Winter feeding - feeding to prevent starvation
- Spring feeding - feeding to stimulate colony/egg laying

### Plants and Trees for Bees - Celia Berkstresser

- What's blooming now
- What will be blooming soon
- Three plants to consider adding to your property
- [www.wildflower.org](http://www.wildflower.org) - comprehensive database for North American native plants
